Summary / Professional Profile

Highly **results-driven UI/UX Designer** and **Front-End Engineer** with a strong foundation in Computer Engineering. I specialize in applying **Human-Centered Design (HCD)** principles to translate complex user needs into intuitive, responsive, and high-performance web applications using **React**, **Next.js**, and **Tailwind CSS**. Proven expertise across the full design and development lifecycle—from **user research** and building **scalable Figma design systems** to delivering **accessible** and **production-ready code**. Dedicated to creating digital products that measurably improve user engagement and business value.

Technical Skills

- **UI/UX Design:** Figma, Penpot, **Design Systems**, User Research, Wireframing, Prototyping, Usability Testing, User Flows.
 - **Front-End Development:** **React**, **Next.js**, **TypeScript**, JavaScript (ES6+), HTML5, CSS3, **Tailwind CSS**, Redux, Git, GitHub.
 - **Development & Workflow:** Responsive Design, Cross-Browser Compatibility, Agile/Scrum, VS Code, NPM/Yarn.
-

Professional Experience

Freelance UI/UX Designer & Front-End Developer

Remote | Jan 2025 – Present

- **Drove User Engagement:** Designed and developed responsive e-commerce and education platforms, successfully improving user engagement by **35%** through rigorous **UX-driven design** and **A/B testing**.
- **Delivered Scalable Code:** Engineered **scalable, production-ready front-end solutions** utilizing **React**, **Next.js**, and **Tailwind CSS** to meet high-performance standards.
- **Design & Prototyping:** Translated complex client requirements into detailed wireframes,

interactive prototypes, and **pixel-perfect UIs in Figma**.

National Telecommunication Institute (NTI) | Front-End Developer Intern

Cairo, Egypt | Jun 2025 – Aug 2025

- learned how to develop responsive good looking UI that improving user engagement utilizing **React**, **Next.js**, and **Tailwind CSS**.
- Transformed **Figma** Designs to real applications and websites that are Ready To Use and have good UI and UX.

Digital Egypt Pioneers Initiative (DEPI) | UI/UX Designer Intern

Cairo, Egypt | Oct 2024 – Jun 2025

- **Improved Design Handoff:** Built and maintained a **scalable Figma design system**, which standardized components and reduced designer-to-developer handoff time by **50%**.
- **User-Centered Refinement:** Conducted extensive **user interviews** and **usability testing**, leveraging insights to iteratively refine and improve core user experiences across multiple web applications.
- **Information Architecture:** Developed detailed wireframes, user flows, and interactive prototypes, effectively structuring content and information architecture.

Huawei Technologies | Cloud Computing Intern

Cairo, Egypt | Jul 2024 – Oct 2024

- Gained Basic knowledge of scalable cloud systems and DevOps workflows within a large-scale enterprise environment.

Education

Bachelor of Engineering, Computer & Communication Engineering (Expected Sep 2026)

Benha University | Shubra ,Cairo , Egypt

Key Soft Skills

Communication, Active Listening, Collaboration, Problem-Solving, Critical Thinking, Adaptability, Learning Agility.

CERTIFICATIONS

- Front-End Web Development, National Telecommunication Institute (NTI), 2025
- UI/UX Design, Digital Egypt Pioneers Initiative (DEPI), 2025
